How Does the Reservation Deposit Work?

A \$200.00 NON-REFUNDABLE reservation deposit is required to reserve a puppy.

Non-refundable reservation deposits are required to reserve a puppy on a litter. Your deposit must be in US dollars for the exact amount of the deposit only and may be paid by personal, business, or cashier's check made payable to Menards Legendary German Shepherds or Dawn Menard. I do accept PayPal but there is a 3% processing fee added if you choose to use PayPal. If making deposit with PayPal it is \$206.00 and the e-mail is menardsgermanshepherds@gmail.com

You are also required to print a copy of these information pages, sign each area that is indicated ("Buyer sign here"), and send them with your deposit check in the mail. This assures us that you have read through this important information and you understand it.

Any fees incurred by us for collection of the reservation deposit will be added to the final balance of your puppy.

Your reservation deposit ensures your reservation spot on the gender you indicate on the litter you choose. So, for example, if you reserve "male spot 3" on a litter, you are guaranteed that spot when selections take place. If a person reserved ahead of you on the same litter, same gender, moves off the litter, then everyone reserved underneath of them will move UP a position in the selection/reservation order for that gender.

Deposits are NON-REFUNDABLE because we are investing our time and counsel with our prospective families, you are ensuring a home for the future puppy when the litter is ready to go home, and we are ensuring that no other family can take your reservation on that litter.

The ONLY circumstance in which we will consider your request for the return of your deposit is if we are unable to provide you with a puppy of your gender choice from any of our future litters within a 24-month period from the birth of your first-choice litter. For example, if there are not enough males or females available in any of the subsequent litters we have during that 24-month period.

I have read, understand, and agree to the above Reservation Deposit Information:

Proper Puppy Training

We strive to be a responsible breeder and we expect YOU to be a responsible dog owner. You must be prepared to begin training your puppy to become a well-disciplined, well-mannered dog from the very day you pick up your puppy. An undisciplined/untrained dog of ANY size or breed will be an aggravation (at the very least) and possibly a danger (at the worst) to you, your family, visitors, and the public at large. We raise calm tempered, family friendly German Shepherd Dogs, BUT they still require proper training which will require time, consistency, discipline, and cost on your part to assure that your adult dog is a good canine citizen in your home and community.

There are qualified and capable dog trainers in almost every community that will help you learn to train your puppy. The AKC “Puppy Star” program is an excellent first step that should be followed with additional puppy obedience classes. Your minimum goal should be to have your dog ready to pass the AKC “Canine Good Citizen” test for which you will receive a certificate from AKC. Training is not complete until your dog consistently obeys your basic voice and/or hand commands and signals off leash.

An undisciplined, disobedient dog will be a nuisance, can potentially be dangerous, and in all but a very few cases this will be the owner’s fault and responsibility.

I have read and understand the above Training Information:

How Do I Pick My Puppy?

No selections are made until the litter is 6 weeks of age.

Once the litter is born I will begin to update my website weekly containing updated weekly pictures of the litter of puppies.

Once they are big enough (usually around 2 weeks old) each puppy is given a colored collar that they will wear until the day they go home. This helps us, and you, to identify each puppy as it grows up.

When the litter is 6 weeks of age we “temperament test” them. The results of that test are then posted on my website. You will receive a copy of the test that is when you pick up your puppy and paperwork. After the temperament test results are posted to all the families on the litter, selections will begin. Selections take place in order of reservation deposit placed on each gender of the litter.

Each family will have 24 hours to make their selection. If, when it becomes your turn to make your selection, you do not make your selection in the time-frame you are given, you will be passed over for the next in line and you will be moved to the bottom of the selection order. Please keep in mind that just because a family is given 24 hours to make their selection it does not mean they will take that 24 hours! Most families will have their selection made within an hour or two and then it becomes the next families turn and their 24-hour window begins. I notify each family when it becomes their turn for selection, by first trying to reach them by phone and then by email if I cannot reach them by phone. Most of the time the entire litter is completely selected within 24 hours!

We will give you days/dates when puppy can be picked up to go home, when they are born. Appointments must be made for pick-up times when you make your selection when the litter is 6 weeks of age. You are responsible for making arrangements with us for picking up your puppy. If you must wait for a later date to pick up puppy, there will be an extra fee of \$50 charged and added to your final balance due. If puppy is not picked up within 5 days of the last date we have given for pick up, then we reserve the right to make puppy available to another family and the first family (you) will be considered in default, forever forfeit your deposit, and no longer be able to purchase/take home a puppy from Menards Legendary German Shepherds. Again, your reservation deposit on a litter is YOUR promise of that puppy having a home when it is time!

I have read and understand the above “Puppy Pick” Information:

Purchase Contract

Menards Legendary German Shepherds

2020 Prices: All puppies are sold with Limited AKC registration and on a Spay/Neuter contract.

If you are interested in breeding rights e-mail me and we will discuss the additional requirements.

Males: \$1,800

Females: \$1,600

A deposit of \$200.00 will hold your puppy the deposit is non-refundable but can be transferred to another litter if need be. The way I handle deposits is the first deposit gets first pick of the litter and 2nd gets second pick and on down the line I don't consider it a deposit until I receive the check or payment just so everyone is very clear on how this process works. I will put names in the spots as deposits are paid so everyone know exactly where they are. I will also separate the list by males and females. I accept Pay pal and Personal Checks. If you are paying with Pay Pal please add 3% to the price Ex: the deposit with PayPal is \$207.00 Email address for PayPal is menardsgermanshepherds@gmail.com

Please note if paying with check payment in full must be made 2 weeks prior to receiving the puppy otherwise you will need to pay in cash.

I will no longer ship puppies so please plan on picking them up. There are a couple of ways this can be done. Drive here and pick them up. Fly here and take them back on the flight with you as carryon. Check with airlines for their rules and regulations.

If for some reason a planned breeding does not take place or the sex and color, you want is not born you can move to another litter or wait for the next time I breed that pair.

Pet Guarantee: Until your pup is 2 years old!

Please do not spay or neuter before 16 months of age. A large breed neutered dog has 10X the HD, 30X the bone cancer, much higher rates of all other autoimmune diseases, and temper neurosis, then their unneutered counter parts. Hormones are essential in proper growth of brain and bone they do a lot more than just sex. Also, high price in dog food does not mean- good dog food look at the ingredients to make sure it is a good quality dog food.
