DS-D 50 32 Q E

Products Family

Professional and Reliable

Professional Design with Powerful Functions and Better Quality

24/7 Operations

Designed for 24/7 365-Day Use with 50000~60000 hours ultra long life.

Ultimate Clarity

Wide view delivers life-like visuals and abundant details of monitoring images.

Features – Rich Colors

Millions Color Shades

Supporting millions shades of color, the Hikvision monitors deliver incredibly colorful images. Colors appear more natural and vivid.

Wide Viewing Angle

Wide viewing angle panel provides wide viewing angle horizontally and vertically, so that customers can experience the optimal screen from any position.

High Contrast Ratio

Contrast ratio is the difference between the brightest and darkest portions of an image. Higher contrast ratio means monitor can display deeper blacks, which makes a big difference in overall picture quality.

Features – Longer Life Span

Hikvision Monitor

50000-60000 hours

Ordinary PC Monitor

20000-25000 hours

Features – No Image Persistence

Hikvision Monitor

No Image Persistence

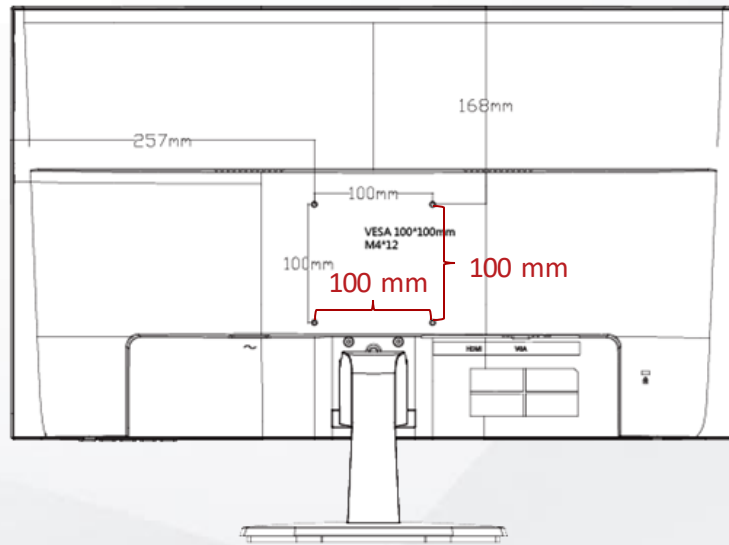

Ordinary PC Monitor

Obvious Image Persistence

VESA Mounting Standard

Need Special Bracket?

VESA Mounting Standard is a family of standards defined by the Video Electronics Standards Association for mounting flat panel monitors, TVs, and other displays to stands or wall mounts.

All Hikvision monitors are VESA compliant and compatible with third-party brackets.

Size	Model	VESA

Applications

Applications

Scenario:

- Control Room

Product Model:

- DS-D5024QE

Specification:

- Cost-effective
- Desktop Design
- 24/7 operation

Applications

Scenario:

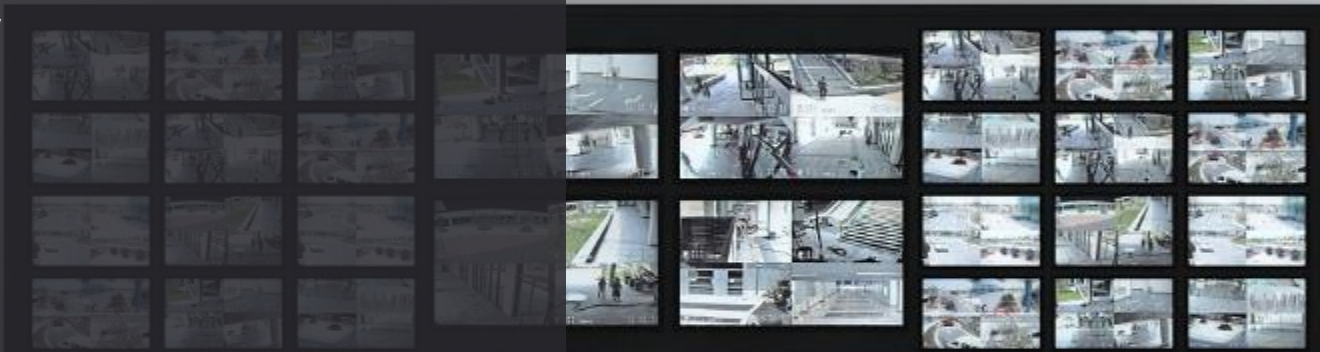

- Monitoring Center

Product Model:

- DS-D5032FC-A
- DS-D5055UC

Specification:

- Multiple interfaces
- Wall-mounted
- 24/7 operation
